SECTION 52 **R-1B SINGLE-FAMILY RESIDENTIAL DISTRICT**

52.01 General Description - The principal use is for single-family dwellings and related recreational, religious and educational facilities normally required to provide the basic elements of a balanced and attractive residential area. These areas are intended to be defined and protected from the encroachment of uses not performing a function appropriate to the residential environment. Internal stability, attractiveness, order and efficiency are encouraged by providing for adequate light, air and open space for dwellings and related facilities and through consideration of the proper functional relationships of each element.

SECTION 59 **B-2 NEIGHBORHOOD BUSINESS DISTRICT**

59.01 General Description: The purpose of this business district is to provide retail stores and personal services for the convenience of the people in adjacent residential areas.

Present Zoning: The Parcel is currently zoned R-1B (Single-Family Residential) District.

Present Use: Gas Station / Convenience Store (Currently Vacant)

Surrounding Zoning and Land Use:

North: R-1A Single Family Residential District
South: R-1A & R-1B Single Family Residential District
East: R-1C Single Family Residential District
West: R-1A Single Family Residential District

Future Land Use Plan: The subject parcel is shown in the 2008 Future Land Use Map as Neighborhood Business District.

District Overview: **The Neighborhood Business District** is primarily a residential district located along the city's collector, minor arterial, and certain local streets. In this district, certain residential and low-intensity business uses may be found that exhibit development patterns that complement the residential, pedestrian-oriented character of surrounding neighborhoods.

District Characteristics: The characteristics of this district include the following: moderate-density single-family residences and certain two-family and multi-family uses; mixed-use buildings and developments; smaller, lower-intensity business developments that provide services to the neighborhood and community; and less-intensive commercial uses than are found in the Community Business District. Site development standards should include maximum building sizes, maximum residential densities, minimum and maximum building setbacks, building and site design elements, and provisions for pedestrian comfort and accessibility.

1. **Lighting Equipment Lease.** Mississippi Power Company ("MPC") will lease to Customer the "Facilities" described on Page 1 of this Lease Agreement ("Agreement") for use at the "Premises" (the "Service Address" shown on Page 1). Customer grants a license of right of access to MPC (and to MPC's representatives and contractors) to enter the Premises to install, connect, inspect, maintain, test, replace, repair, or remove the Facilities; to remove or disconnect pre-existing equipment as noted; or to conduct any other Agreement-related activity (collectively, the "MPC Activities"). Customer acknowledges that the Facilities, though attached to real property, will always remain the exclusive personal property of MPC and that MPC may remove the facilities when this Agreement ends. Customer also acknowledges that regulatory change during the Agreement term may require MPC to modify or replace some Facilities.

2. **Term.** The "Initial Term" of this Agreement is the period stated on Page 1, calculated from the date of the first monthly bill. After the Initial Term, the Agreement will automatically renew on an annual basis until terminated by either Customer or MPC by providing written notice of intent to terminate to the other party at least 30 days before the desired termination date. MPC's address for notice is Mississippi Power Company, ATTN: Marketing Lighting Services, PO Box 4079, Gulfport, MS 39502-4079. Customer's address for notice is the Mailing Address shown on Page 1.

3. **Payment.** MPC will invoice Customer per the terms stated on Page 1. Customer agrees to pay the amount billed by the due date. If there is a balance outstanding past the due date, Customer agrees to also pay a 1.5% late fee on the unpaid monthly balance and also acknowledges that Customer may be required to pay a deposit of up to two times the Monthly Charge in order to continue service. CUSTOMER ACKNOWLEDGES THAT MPC MAKES NO REPRESENTATION OR WARRANTY REGARDING TREATMENT OF THIS TRANSACTION BY THE INTERNAL REVENUE SERVICE OR THE STATUS OF THIS AGREEMENT UNDER ANY FEDERAL OR STATE TAX LAW; CUSTOMER ENTERS INTO THIS AGREEMENT IN SOLE RELIANCE UPON CUSTOMER'S OWN ADVISORS.

4. **Equipment Protection.** Throughout this Agreement's term, Customer will inform its personnel (and any contractor or person performing construction at the Premises or digging near MPC's Facilities) of the Facilities presence. Either Customer or the other party must provide notices and locate requests to the Mississippi One Call System and must coordinate all activities with the One Call Center and with all utility facility owners or operators as required by the then current Mississippi One Call Law. Customer further acknowledges that any such work may require compliance with certain laws and regulations, including, without limitation, the Mississippi High Voltage Power Lines Act, Miss. Code Ann. §§ 45-15-1, et seq., and regulations of the Occupational Safety and Health Administration. These laws and regulations shall be independently consulted by Customer to determine if any additional compliance measures shall be undertaken by Customer prior to commencement of any work; provided, however, that no work shall be performed until such consultation and compliance has been completed. As between Customer and MPC, Customer will bear all costs arising from failure to comply with these laws or for Facility damage caused by anyone other than MPC (or MPC's representatives or contractors). IF THE FACILITIES ARE DAMAGED, CUSTOMER WILL REPORT THE DAMAGE TO MPC AS SOON AS POSSIBLE BY CALLING 800-487-3275.

5. **Maintenance/Repairs.** During this Agreement's term, MPC will maintain the Facilities and will bear the cost of routine repair or replacement. All non-routine maintenance or repair can be done at the Customer's request and will be billed to Customer at then-current MPC rates. Customer must notify MPC of any need for Facility repair by calling 877-656-1836. If the Facility damage was caused by Customer or third party, Customer will reimburse MPC for the repair or replacement cost. Either Party shall be excused from performance of its obligations hereunder other than accrued payment obligations and shall not be construed to be in default in respect of such obligations to the extent that, and for so long as, failure to perform such obligations is due to a Force Majeure Event defined as any occurrence, nonoccurrence or set of circumstances that is beyond the reasonable control of such Party..

6. **Safety/Damages.** CUSTOMER ACKNOWLEDGES SOLE RESPONSIBILITY FOR THE SAFETY OF THE PREMISES AND ACKNOWLEDGES THAT MPC NEITHER HAS, NOR ASSUMES, ANY OBLIGATION TO ENSURE THE PREMISES' SAFETY. MPC makes no covenant, warranty, or representation of any kind (including warranty of fitness for a particular purpose or of merchantability) regarding the equipment or any MPC activity under this agreement. Customer will not be entitled to indirect or consequential damages from MPC of any kind (including loss of revenue, loss of actual or anticipated profits, loss of capital costs, loss of business reputation, or punitive damages) arising from any damage or delay involving the Facilities or this Agreement.

7. **Indemnity**. To the fullest extent allowed by law, Customer agrees to indemnify, defend (if requested by MPC), and hold harmless MPC and its affiliates and contractors (and their officers, directors, employees, representatives, and agents) from and against any claim, demand, damage, expense (including attorney's fees and court costs), action, proceeding, judgment, penalty, fine, cost, or other liability (whether based upon tort, breach of contract, strict liability, equity, or otherwise) of any kind or nature for bodily injury (including death) to persons, damage to real or personal property (including loss of use), monetary damage, or equitable relief caused by or arising out of any act or omission of Customer involving this Agreement, the Facilities, or the Premises, in whatever manner caused and regardless of whether caused by or arising out of the joint, concurrent, or contributory (but not sole) negligence of MPC, any other person indemnified under this Agreement, or any other person not a party to this Agreement.

8. **Default.** Customer will be in default if any amount owed under this Agreement is not paid within 45 days of billing. MPC's waiver of any past default will not waive any other default. If default occurs, MPC may, at its discretion, immediately terminate this Agreement, collect all past due amounts and all amounts due for the Facilities during the Agreement's remaining term, remove the Facilities from the Premises, and seek any other available remedy. MPC shall be entitled to reasonable attorney's fees, costs and expenses associated with any claim or litigation concerning Customer's default of this Agreement.

9. **Entire Agreement.** This Agreement contains the parties' entire agreement relating to the Facilities and replaces any prior agreement, written or oral. This Agreement may be modified only by an amendment signed by each party, except that updated contact information (e.g. address, phone number, etc) may be provided at any time by written notice to the other party. This Agreement will be governed by Mississippi law. If any provision is ruled invalid or unenforceable, the Agreement as a whole will not be affected. In this Agreement, "including" means "including, but not limited to."

10. **Pole Attachments.** If Customer desires to attach anything to any Facilities (poles, light fixtures, brackets, etc), Customer must first obtain MPC's written permission. Customer must contact MPC's Lighting Services Business Unit at 877-656-1836 to obtain the proper pole attachment authorization.

11. **Customer Representations.** Customer represents to MPC that: (i) Customer is expressly authorized by all Premises owners (and any other party with rights in the Premises) to enter into this Agreement and to authorize the MPC Activities (including the use of vehicles, equipment, tools, and materials necessary); (ii) all Premises property lines are clearly and accurately marked; and (iii) the Premises' final grade will vary no more than 6" from the grade existing at the time of Facility installation.

    a. **Customer Duty.** If MPC agrees to allow Customer to perform any part of the Facility installation (including trenching) itself or through a third party, Customer warrants that its work will meet MPC's installation specifications (which will be provided to the Customer). Customer will bear all reasonable additional costs arising from Customer's non-compliance with MPC's specifications or lack of timely (i.e. 10 days) notice to MPC that MPC's portion of the Facilities installation can commence.

    b. **Underground Facilities/Obstructions.** Because MPC's Activities may require excavation or digging, Customer acknowledges that **Customer must mark all underground obstructions and private utilities and facilities (e.g. gas lines, water lines, sewer lines, irrigation facilities, low voltage data or communication cables or lines, etc) at the Premises**. Customer warrants either that: (i) all underground obstructions and private utilities and facilities have been marked or will be marked before MPC commences Facility installation or other MPC Activities involving excavation or digging; or (ii) there are no underground obstructions or private utilities or facilities at the Premises.

    c. **Unforeseen Conditions.** If Customer fails to properly mark or identify a private utility or facility or other underground obstruction, and damage occurs in connection with MPC's Activities, Customer agrees that, as between Customer and MPC, Customer will bear sole responsibility for any and all damages incurred, including MPC and/or third-party damages, and that MPC will have no liability for any damage or resulting delay. Customer also acknowledges that the estimated charges shown on Page 1 include no allowance for any subsurface rock, wetlands, underground stream, buried waste, unsuitable or unstable soil, underground obstruction, archeological artifact, burial ground, threatened or endangered species, hazardous substance, etc. not known to Customer or properly identified and marked by Customer. If an unforeseen condition is encountered, MPC, in its sole discretion, may stop all MPC Activity until Customer either remedies the unforeseen condition or agrees to reimburse all MPC expenses arising from the unforeseen condition. Customer will bear all costs of any Facility modification or change requested by Customer or dictated by unforeseen conditions or circumstances outside MPC's control.

Ladies and Gentlemen:

Presented in this report are the results of the annual actuarial valuation covering the participation of the City of Hattiesburg in the Mississippi Municipal Retirement Systems. The purpose of the valuation was to measure the System's funding progress and to determine the contribution rates necessary for the period beginning October 1, 2015.

The date of the valuation was June 30, 2014.

The valuation was based upon data, furnished by the Executive Director and the PERS staff, concerning active, inactive and retired members along with pertinent financial information. The complete cooperation of the PERS staff in furnishing materials requested is hereby acknowledged with appreciation.

Your attention is directed particularly to the presentation of contribution rates on page 4 and the comments on page 5. Please note that with the adoption by the PERS Board in 2011 of a new funding policy which extended contributions beyond 2020 and generated an ultimate asset reserve level equal to projected benefit payments, we have calculated the contribution rates based on this new policy and the old funding policy. Ultimately, the municipality has the option of which contribution rate to set as their certified millage rate.

To the best of our knowledge, this report is complete and accurate. The valuation was performed by, and under the supervision of, independent actuaries who are members of the American Academy of Actuaries with experience in performing valuations for public retirement systems.

The valuation was prepared in accordance with the principles of practice prescribed by the Actuarial Standards Board.

The actuarial calculations were performed by qualified actuaries according to generally accepted actuarial procedures and methods. The calculations are based on the current provisions of the System, and on actuarial assumptions that are, in the aggregate, internally consistent and reasonably based on the actual experience of the System. In addition, the valuations were completed in compliance with the laws governing the System. Those laws state, as a financing objective, that contributions will be in amounts sufficient to maintain actuarial soundness for the system for all future years. The undersigned are members of the American Academy of Actuaries and meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinions contained herein.

Future actuarial results may differ significantly from the current results presented in this report due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period or additional cost or contribution requirements based on the plan's funded status); and changes in plan provisions or applicable law. Since the potential impact of such factors is outside the scope of a normal annual actuarial valuation, an analysis of the range of results is not presented herein.

REPORT ON THE ANNUAL VALUATION OF THE CITY OF HATTIESBURG PARTICIPATION IN THE MISSISSIPPI MUNICIPAL RETIREMENT SYSTEMS PREPARED AS OF JUNE 30, 2014

SECTION I – SUMMARY OF PRINCIPAL RESULTS

1. This report, prepared as of June 30, 2014, presents the results of the annual actuarial valuation of the City of Hattiesburg. For convenience of reference, the principal results of the valuation and a comparison with the preceding year's results are summarized below. The current valuation reflects benefit increases granted to retirees and amendments to the System, if any, effective through July 1, 2014.

SUMMARY OF PRINCIPAL RESULTS

Value of Assessed Property	$ 425,665,993	$ 416,993,266

2. Actuarial present values for the City are shown in Section III.

3. Rate of contribution payable by the employer is given in Section IV, and comments on the valuation year are given in Section V.

4. There were no changes in benefit provisions or actuarial assumptions since the last valuation.

5. Schedule A details the actuarial assumptions and methods employed. Schedule B gives a summary of the benefit and contribution provisions of the plan.

6. A new funding policy was adopted by the Board in February, 2011. In this new funding policy, contributions are extended past 2020 and an employer contribution rate, expressed as a millage rate tax applied to assessed property values, is established beginning in the 2011-2012 fiscal year that will generate an ultimate asset reserve level equal to a reasonable percentage (initially 100% - 150%) of the next year's projected benefit payment. At that point, employer contributions will be set equal to the fiscal year's projected benefit payments and adjusted as necessary to maintain the assets at the established reserve level. Schedule F of this report shows the projected cash flow of each municipality based on the new funding policy.

SECTION II – MEMBERSHIP DATA

Data regarding the membership of the City of Hattiesburg for use as a basis for the valuation were furnished by the PERS office. SECTION III – ACTUARIAL PRESENT VALUES

The following exhibit shows the assets and liabilities of the City's retirement system as of the valuation date of June 30, 2014. The items shown in the exhibit are present values actuarially determined as of the valuation date.

The System is funded through taxes levied on assessed properties.

SECTION V – COMMENTS ON VALUATION

1. Based on the new Board funding policy, the millage rate established by the City must be set at a level that will ensure actuarial soundness of the System. As can be seen from the table on the previous page, the certified millage rate calculated in last year's valuation for the City is higher than the computed rate for the 2015-2016 fiscal year under the post-2011 funding policy. Therefore, if desired, the City can lower their current millage rate to the certified millage rate for the 2015-2016 fiscal year.

DEATH AFTER RETIREMENT: The mortality table, for post-retirement mortality, used in evaluating allowances to be paid is the RP-2000 Combined Mortality Table Projected with Scale AA to 2025 set forward two years for males. The RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 2 years for females) was used for the period after disability retirement. This assumption is used to measure the probabilities of each benefit payment being made after retirement. Mortality improvement is anticipated under this assumption as recent mortality experience shows actual deaths 7% greater than expected under the selected table.

MARRIAGE ASSUMPTION: 85% married with the husband three years older than this wife.

VALUATION METHOD: Unfunded employer liabilities are amortized over a closed 30 year period from September 30, 1990 as a level percent of the municipality's assessed property valuation.

ASSESSED PROPERTY VALUE RATE OF INCREASE: 2.0% per annum, compounded annually used in determining the millage rate under the prior funding policy.

EXPENSE LOAD: 2.0% of employer contributions.

ASSET VALUATION METHOD: The actuarial value of assets recognizes a portion of the difference between the market value of assets and the expected actuarial value of assets, based on the assumed valuation rate of return. The amount recognized each year is 20% of the difference between market value and expected actuarial value. Actuarial value of assets was set equal to the market value on September 30, 2006, and smoothing commenced in 2007. Actuarial assets were allocated to individual cities in the same proportion that their market value of assets was to the total market value of assets for all cities.

MISSISSIPPI MUNICIPAL RETIREMENT SYSTEMS

CITY OF HATTIESBURG

SUMMARY OF BENEFIT PROVISIONS EVALUATED

JUNE 30, 2014

The following summary presents the main provisions of the System in effect June 30, 2014, as interpreted in preparing the actuarial valuation. As used in the summary, "average compensation" means the average compensation of a member during the six month period prior to receipt of an allowance.

BENEFITS

Service Retirement

Condition for Retirement	A retirement allowance is payable to any member who retires and has completed at least 20 years of creditable service, regardless of age. Any general employee member who has attained age 70 and any fireman or policeman who has attained age 65 shall be retired forthwith.
Amount of Allowance	The annual retirement allowance payable to a retired member is equal to: 1. 50% of average compensation, plus 2. 1.7% of average compensation for each year of credited service over 20. The aggregate amount of (1) and (2) above shall not exceed 66-2/3% of average compensation regardless of service.

Disability Retirement

Condition for Retirement	A retirement allowance is payable to any member who is not eligible for a service retirement benefit but who becomes totally and permanently disabled, either physically or mentally, regardless of creditable service, if the disability is due to causes in the performance of duty. If the disability is not in the performance of duty, the member must have completed at least 5 years of creditable service to be eligible for retirement.

Amount of Allowance

The annual disability retirement allowance payable is equal to 50% of his salary at the time of retirement, if the disability is due to causes in the performance of duty.

If the disability is not in the performance of duty, the allowance is equal to 2.5% times credited service, not in excess of 20, times his salary at the time of retirement for firemen and policemen, and average compensation for general employees.

Death Benefit

Condition for Benefits

A benefit is payable upon the death of a member under the following conditions.

(a) the member has retired,
(b) the member is eligible to retire,
(c) the death is in the line of duty, or
(d) the death is not in the line of duty, but occurs after the member has 5 years of credited service.

The benefit is payable to the surviving spouse and to children under age 18, to dependent children through age 23 when full time students, and to dependent children of any age if handicapped.

Amounts of Benefits

The annual benefit payable under all conditions in the case of firemen and policemen and under other than condition (c) in the case of general employees, is equal to 2.5% of average compensation for each year of credited service up to 20 and 1.7% of average compensation for each year over 20, with a maximum benefit of 66-2/3% of average compensation.

For general employee members under condition (c), the annual benefit payable is equal to 50% of salary at the time of death.

Refund of Contributions

Upon a member's termination of employment for any reason before retirement, his accumulated contributions are refunded. Upon the death of a member who is not eligible for any other death benefit, his accumulated contributions, together with regular interest thereon, are paid to his beneficiary.

GLOSSARY

Actuarial Accrued Liability. The difference between (i) the actuarial present value of future plan benefits, and (ii) the actuarial present value of future normal cost. Sometimes referred to as "accrued liability" or "past service liability".

Accrued Service. The service credited under the plan which was rendered before the date of the actuarial valuation.

Actuarial Assumptions. Estimates of future plan experience with respect to rates of mortality, disability, turnover, retirement, rate or rates of investment income and salary increases. Decrement assumptions (rates of mortality, disability, turnover and retirement) are generally based on past experience, often modified for projected changes in conditions. Economic assumptions (salary increases and investment income) consist of an underlying rate in an inflation-free environment plus a provision for a long-term average rate of inflation.

Actuarial Cost Method. A mathematical budgeting procedure for allocating the dollar amount of the "actuarial present value of future plan benefits" between the actuarial present value of future normal cost and the actuarial accrued liability. Sometimes referred to as the "actuarial funding method".

Actuarial Equivalent. A series of payments is called an actuarial equivalent of another series of payments if the two series have the same actuarial present value.

Actuarial Present Value. The amount of funds presently required to provide a payment or series of payments in the future. It is determined by discounting the future payments at a predetermined rate of interest, taking into account the probability of payment.

Amortization. Paying off an interest-bearing liability by means of periodic payments of interest and principal, as opposed to paying it off with a lump sum payment.

Experience Gain (Loss). A measure of the difference between actual experience and that expected based upon a set of actuarial assumptions during the period between two actuarial valuation dates, in accordance with the actuarial cost method being used.

Normal Cost. The annual cost assigned, under the actuarial funding method, to current and subsequent plan years. Sometimes referred to as "current service cost". Any payment toward the unfunded actuarial accrued liability is not part of the normal cost.

Reserve Account. An account used to indicate that funds have been set aside for a specific purpose and are not generally available for other uses.

Unfunded Actuarial Accrued Liability. The difference between the actuarial accrued liability and valuation assets. Sometimes referred to as "unfunded accrued liability".

Valuation Assets. The value of current plan assets recognized for valuation purposes. Generally based on a market-related smoothing method.

SCHEDULE E

THE NATURE OF ACTUARIAL PROJECTIONS

Regular actuarial valuations measure the Retirement System's present financial position and contributions adequacy by calculating and financing the liabilities created by the present benefit program. This process involves discounting to present values the future benefit payments on behalf of present active and retired members and their survivors. However, valuations do not produce information regarding future changes in the makeup of the covered group or the amounts of benefits to be paid or investment income to be received – actuarial projections do.

Whereas valuations provide a snapshot of the retirement system as of a given date, projections provide a moving picture. Projected active and retired groups are developed from year to year by the application of assumptions regarding pre-retirement withdrawal from service, retirements, deaths and disabilities. Projected information regarding the retired life group leads to assumed future benefit payout. Combining future benefit payments with assumed contributions and expected investment earnings produces the net cash flow of the System each year, and thus end of year asset levels.

Projections are used for many purposes. Among them are (i) developing cash flow patterns for investment policy and asset mix consideration, (ii) exploring the effect of alternative assumptions about future experience, (iii) analyzing the impact on system funding progress of changes in the workforce, and (iv) examining the potential effect of changes in benefits on system financial activity.

Projection results are useful in demonstrating changing relationships among key elements affecting system financial activity. For example: how benefits payable and system assets will grow in future decades. Projections are not predictions of specific future events and do not provide numeric precision in absolute terms. For instance, cash flow projected to occur 10 years in the future will not be exact (except by coincidence), but understanding the changed relationships between future benefits payout and future investment income can be very useful.

Summary

Authorize Mayor to Renew Master Cellular Voice and Data Service and Equipment Agreement between Cellular South and the City of Hattiesburg

GOVERNING AUTHORITY SUPPLEMENT TO MASTER CELLULAR VOICE AND DATA SERVICE AND EQUIPMENT AGREEMENT BETWEEN CELLULAR SOUTH, INC. D/B/A C SPIRE WIRELESS AND MISSISSIPPI DEPARTMENT OF INFORMATION TECHNOLOGY SERVICES AS CONTRACTING AGENT FOR THE AGENCIES AND INSTITUTIONS OF THE STATE OF MISSISSIPPI

This document shall serve as a Governing Authority Supplement (the "Supplement,,) to the original Master Cellular Voice and Data Service and Equipment Agreement executed June 26, 2007, and amended on September 5, 2007, January 21, 2009, September 2, 2009, December 1, 2009, February 16, 2010, October 8, 2010, March 29, 2011, June 16, 2011, October 18, 2011, and November 11, 2011 (hereinafter collectively referred to as "Master Agreement,,) between Cellular South, Inc. d/b/a C Spire Wireless, a Mississippi corporation having its principal offices at 1018 Highland Colony Parkway, Suite 520, Ridgeland, Mississippi 39157, (hereinafter referred to as "Contractor,,), and the Mississippi Department of Information Technology Services, having its principal place of business at 3771 Eastwood Drive, Jackson, Mississippi 39211 (hereinafter referred to as "ITS,,), as contracting agent for the governmental agencies, educational institutions and governing authorities of the State of Mississippi. It is understood that this Supplement is entered into as of the date it is signed by all Parties (the "Effective Date,,) by and between Contractor and the City of Hattiesburg having its principal offices at 220 West Front Street, Hattiesburg, MS 39401 (hereinafter referred to as "Governing Authority,,). Contractor and Governing Authority are sometimes referred to collectively herein as the "Parties,, and individually as a "Party,,.

WHEREAS, ITS, pursuant to Request for Proposals ("RFP,,) No. 3489, requested proposals for the acquisition of master agreements containing the terms and conditions which will govern any orders placed by ITS or other designated entities during the term of this Master Agreement for cellular voice and data service (collectively referred to as "Services,,) and Products, which will be administered by ITS;

WHEREAS, the Contractor was the successful proposer in an open, fair and competitive procurement process to provide the above-mentioned Services and Products;

WHEREAS, the Master Agreement is E-Rate qualified for those Products and Services that are E-Rate reimbursable; and

WHEREAS, Contractor and Governing Authority desire to enter into the Supplement to specify certain terms and conditions upon which Governing Authority may purchase the Products and Services from Contractor;

NOW THEREFORE, in consideration of the mutual understandings, promises, consideration and agreements set forth, the Parties hereto agree as follows:

1) The initial term of this Supplement begins on the Effective Date and continues for a period of two (2) years (the "Initial Term,,). At the end of the Initial Term this Supplement may, upon the written agreement of the Parties, be renewed on a month to month basis or such other term as the Parties may agree upon (each a "Renewal Term,,) until such time as either Party gives the other Party thirty (30) days prior written notice of termination. The Initial Term and any Renewal Term are sometimes collectively referred to herein as the "Term,,.

2) It is understood and agreed that during the Term, Contractor shall be the designated provider of all Services and Products for Governing Authority. Any exceptions will be on a case-by-case basis for specific Products for which adequate coverage cannot be provided by Contractor or for specific business requirements for which functionality cannot be provided by Contractor.

3) During the Term, Governing Authority may purchase Products which are free ("Free Products,,) under the terms and conditions set forth in the Master Agreement.

4) During the Term, Governing Authority may purchase Products which have an initial purchase price ("Purchased Products,,) under the terms and conditions of the Master Agreement and on the same terms and conditions Contractor provides to its other customers as updated from time to time on Contractor's website at www.cspire.com (the "Contractor Terms,,). The Contractor Terms include, but are not limited to, requirements for contract terms, liquidated damages termination fees, and upgrade policies and fees. By executing this Supplement, Governing Authority acknowledges and agrees that Governing Authority is agreeing to be bound by such Contractor Terms as are in effect at the time of Governing Authority's or its employees' activation of such Purchased Products. For example, Governing Authority could elect to purchase a particular Purchased Product for full retail price, in which case no liquidated damages termination fees would apply, or Governing Authority could elect to purchase a particular Purchased Product at the promotional price. If Governing Authority elected to purchase such Purchased Product at the promotional price, then Governing Authority must agree to maintain Service with Contractor for a set period of time (currently two (2) years) or else prorated liquidated damages termination fees would apply if Governing Authority terminated Service earlier than two (2) years after activation of the Purchased Product, regardless of the Term of this Supplement. This means that if Governing Authority activated a Purchased Product at the promotional price within the last three (3) months of the Term, for example, and Governing Authority subsequently terminated this Supplement at the end of the Term, then Governing Authority would owe Contractor a liquidated damages termination fee equal to the remainder of the promotional contract term (21 months) times the applicable liquidated damages termination fee. Governing Authority's right to purchase Purchased Products as set forth in this Section 4 is in addition to Governing Authority's right to purchase Free Products under the terms of the Master Agreement.

5) Contractor shall provide the Products and Services detailed in Exhibit A to this Supplement, at the prices shown therein. Except as expressly set forth in this Supplement, the terms and conditions of the Master Agreement shall remain in full force and effect. In the event of any conflict between the terms of this Supplement and the terms of the Master Agreement, the terms of this Supplement shall prevail but only to the extent of the conflict. Any additional

discounts or price decreases negotiated under the Master Agreement and/or additional Products and Service plans added to the Master Agreement will be made available to School/Library by Contractor under this Supplement.

6) This Supplement has been duly authorized by both Parties and it represents a binding obligation of both Parties.

7) This Supplement may only be amended in a writing executed by both Parties. This Supplement may be executed in counterparts and sent via facsimile or email, and the counterparts, when combined, shall constitute one binding instrument.

8) Any notice required or permitted to be given under this Supplement shall be in writing and personally delivered or sent by electronic means provided that the original of such notice is sent by certified United States mail, postage prepaid, return receipt requested, or overnight courier with signed receipt, to the Party to whom the notice should be given at their address set forth below:

GOVERNING AUTHORITY SUPPLEMENT TO
MASTER CELLULAR VOICE AND DATA SERVICE AND EQUIPMENT AGREEMENT
BETWEEN
CELLULAR SOUTH, INC. D/B/A C SPIRE WIRELESS
AND
MISSISSIPPI DEPARTMENT OF INFORMATION TECHNOLOGY SERVICES
AS CONTRACTING AGENT FOR THE
AGENCIES AND INSTITUTIONS OF THE STATE OF MISSISSIPPI

This document shall serve as a Governing Authority Supplement (the "Supplement,,) to the original Master Cellular Voice and Data Service and Equipment Agreement executed June 26, 2007, and amended on September 5, 2007, January 21, 2009, September 2, 2009, December 1, 2009, February 16, 2010, October 8, 2010, March 29, 2011, June 16, 2011, October 18, 2011, and November 11, 2011 (hereinafter collectively referred to as "Master Agreement,,) between Cellular South, Inc. d/b/a C Spire Wireless, a Mississippi corporation having its principal offices at 1018 Highland Colony Parkway, Suite 520, Ridgeland, Mississippi 39157, (hereinafter referred to as "Contractor,,), and the Mississippi Department of Information Technology Services, having its principal place of business at 3771 Eastwood Drive, Jackson, Mississippi 39211 (hereinafter referred to as "ITS,,), as contracting agent for the governmental agencies, educational institutions and governing authorities of the State of Mississippi. It is understood that this Supplement is entered into as of the date it is signed by all Parties (the "Effective Date,,) by and between Contractor and the City of Hattiesburg having its principal offices at 220 West Front Street, Hattiesburg, MS 39401 (hereinafter referred to as "Governing Authority,,). Contractor and Governing Authority are sometimes referred to collectively herein as the "Parties,, and individually as a "Party,,.

WHEREAS, ITS, pursuant to Request for Proposals ("RFP,,) No. 3489, requested proposals for the acquisition of master agreements containing the terms and conditions which will govern any orders placed by ITS or other designated entities during the term of this Master Agreement for cellular voice and data service (collectively referred to as "Services,,) and Products, which will be administered by ITS;

WHEREAS, the Contractor was the successful proposer in an open, fair and competitive procurement process to provide the above-mentioned Services and Products;

WHEREAS, the Master Agreement is E-Rate qualified for those Products and Services that are E-Rate reimbursable; and

WHEREAS, Contractor and Governing Authority desire to enter into the Supplement to specify certain terms and conditions upon which Governing Authority may purchase the Products and Services from Contractor;

NOW THEREFORE, in consideration of the mutual understandings, promises, consideration and agreements set forth, the Parties hereto agree as follows:

1) The initial term of this Supplement begins on the Effective Date and continues for a period of two (2) years (the "Initial Term,,). At the end of the Initial Term this Supplement may, upon the written agreement of the Parties, be renewed on a month to month basis or such other term as the Parties may agree upon (each a "Renewal Term,,) until such time as either Party gives the other Party thirty (30) days prior written notice of termination. The Initial Term and any Renewal Term are sometimes collectively referred to herein as the "Term,,.

2) It is understood and agreed that during the Term, Contractor shall be the designated provider of all Services and Products for Governing Authority. Any exceptions will be on a case-by-case basis for specific Products for which adequate coverage cannot be provided by Contractor or for specific business requirements for which functionality cannot be provided by Contractor.

3) During the Term, Governing Authority may purchase Products which are free ("Free Products,,) under the terms and conditions set forth in the Master Agreement.

4) During the Term, Governing Authority may purchase Products which have an initial purchase price ("Purchased Products,,) under the terms and conditions of the Master Agreement and on the same terms and conditions Contractor provides to its other customers as updated from time to time on Contractor's website at www.cspire.com (the "Contractor Terms,,). The Contractor Terms include, but are not limited to, requirements for contract terms, liquidated damages termination fees, and upgrade policies and fees. By executing this Supplement, Governing Authority acknowledges and agrees that Governing Authority is agreeing to be bound by such Contractor Terms as are in effect at the time of Governing Authority's or its employees' activation of such Purchased Products. For example, Governing Authority could elect to purchase a particular Purchased Product for full retail price, in which case no liquidated damages termination fees would apply, or Governing Authority could elect to purchase a particular Purchased Product at the promotional price. If Governing Authority elected to purchase such Purchased Product at the promotional price, then Governing Authority must agree to maintain Service with Contractor for a set period of time (currently two (2) years) or else prorated liquidated damages termination fees would apply if Governing Authority terminated Service earlier than two (2) years after activation of the Purchased Product, regardless of the Term of this Supplement. This means that if Governing Authority activated a Purchased Product at the promotional price within the last three (3) months of the Term, for example, and Governing Authority subsequently terminated this Supplement at the end of the Term, then Governing Authority would owe Contractor a liquidated damages termination fee equal to the remainder of the promotional contract term (21 months) times the applicable liquidated damages termination fee. Governing Authority's right to purchase Purchased Products as set forth in this Section 4 is in addition to Governing Authority's right to purchase Free Products under the terms of the Master Agreement.

5) Contractor shall provide the Products and Services detailed in Exhibit A to this Supplement, at the prices shown therein. Except as expressly set forth in this Supplement, the terms and conditions of the Master Agreement shall remain in full force and effect. In the event of any conflict between the terms of this Supplement and the terms of the Master Agreement, the terms of this Supplement shall prevail but only to the extent of the conflict. Any additional

discounts or price decreases negotiated under the Master Agreement and/or additional Products and Service plans added to the Master Agreement will be made available to School/Library by Contractor under this Supplement.

6) This Supplement has been duly authorized by both Parties and it represents a binding obligation of both Parties.

7) This Supplement may only be amended in a writing executed by both Parties. This Supplement may be executed in counterparts and sent via facsimile or email, and the counterparts, when combined, shall constitute one binding instrument.

8) Any notice required or permitted to be given under this Supplement shall be in writing and personally delivered or sent by electronic means provided that the original of such notice is sent by certified United States mail, postage prepaid, return receipt requested, or overnight courier with signed receipt, to the Party to whom the notice should be given at their address set forth below:
