PLANNING REPORT

There came the matter of the Planning Report by Nathan Satcher, Senior Planner. He informed the Commissioners that the University of Southern Mississippi (USM) case and the Land Development Code amendments (parking regulations) were approved by the City Council on December 19th, 2020. He also announced that the BDBO case will be presented to City Council on January 16th.

CHAIR'S REPORT

The Chair did not have a report for the meeting.

INTRODUCTIONS

Commissioners and staff introduced themselves.

PUBLIC HEARING – Planning Commission

Item A:

Hunter Andrews, representative, and Jason Graham, owner, request approval for a preliminary plat for a major subdivision for a property located at 6214 US Hwy 98. The property is known as “Hattiesburg Market Place”, located in Lamar County, Ward 3 (PPIN 24497, 37027, and 12113).

Discussion and Vote:

The planning staff introduced the case. Commissioner Conville questioned the staff about the location of the multi-tenant sign and the common areas. Chair Hinton opened the public hearing portion of the meeting. Mr. Hunter Andrews came to speak on behalf of this project. The applicant was questioned by Commissioner Conville and Vice Chair Pickett regarding the absence of turn lanes. The applicant did not have an answer to their questions. Chair Hinton closed the public portion of the meeting. Commissioner Conville asked the staff about the landscape regulations. It was explained by Mr. Satcher, Senior Planner, that the applicants had coordinated with the City Arborist in order to determine the types of trees to be planted. Cory Long, Planning Manager, announced that the City Engineer requested a condition for approval. Chair Hinton made a recommendation of adding the traffic signal and made a motion to approve the proposal with two conditions:

- Incorporating the language from the City Engineer's request (northeast access road). Any modifications to the east shared access street will require a permit from the Mississippi Department of Transportation.
- A traffic signal will be installed at the intersection of Lamar Blvd and Highway 98.

Commissioner Dawe seconded this motion.

Item B:

Creed Group Communities, LLC, agent for RSCO Corporation, owner, and Donald Pulliam, owner, requests approval for rezoning from B-5 (Regional Business) to R-3 (Multi-Family Residential) for a property located adjacent to 6385 Highway 49, Ward 2, Forrest County. (PPIN 26041, 26046).

Discussion and Vote:

The planning staff introduced the case. Commissioner Conville questioned whether this development is targeted towards students. Vice Chair Hinton opened the public hearing portion of the meeting. Mr. Gregory Griffith, the applicant, came to speak on behalf of this project. During his response to Commissioner Conville's question regarding the development's market, he also stated that anyone who is accepted into the application would be welcome. Commissioner Conville commented on the arrangement of the parking lot and buildings. Commissioner Dawe questioned the applicant about security measurements in the existing development. James Cassidy, Engineer, joined the public portion of the meeting and in response to Commissioner Conville's question about the parking lot location, he stated that the parking area arrangement is designed to ensure safety. Then Chair Hinton closed the public portion of the meeting. Mr. Satcher, Senior Planner explained to the Commissioners the conditions for approval and parking lot standards of design according to the Land Development Code. Commissioner Conville made a motion to accept the proposal under Basis II: The character of the neighborhood has changed substantially so that rezoning is clearly justified and there is a public need for the rezoning. This was seconded by Commissioner Lockett.

Letters or Concerns stated: The Planning Division Office has not received any letters or other written communications relative to this case as of December 21st 2023.

History / Background: Applicant met with Staff on Pre-Application meeting looking for an expansion to accommodate a tool rental center. Due to the nonconformity status of this location, any expansion will require approval for conditional use.

Basis for approval: **12.3.3 Conditional Use Approvals**
12.3.3.1 Compliance Required. Uses requiring Planning Commission approval, as noted in the Table of Uses in Section 5 of this Code, shall be approved subject to this Section. Any application for such use must comply with all applicable standards that apply to similar uses and properties in the zoning district in general, the specific conditions listed for that use in Section 5, and the following criteria. Where conflicts exist, the Planning Commission shall determine which criteria apply on a case by case basis.

12.3.3.2 Additional Approval Criteria. In addition to the standards mentioned above, the applicant for a request for the Planning Commission to approve a use shall be required to demonstrate that his/her proposal addresses the following additional requirements, except that the Planning Commission may waive any one or more criteria that it determines are not applicable based upon the expected impact of the proposal.

- i. Determination that adequate public facilities and services will be available concurrent with the impacts of the development as evidenced by letters of sufficiency from utilities and schools and a determination by the city engineer that the available capacity of existing streets can safely provide access to the site.
- ii. The proposed development will be compatible with surrounding uses and will protect adjacent properties through the following measures:
 - Protection of privacy. The proposed plan shall provide reasonable visual and auditory privacy for all dwelling units located within and adjacent to the site. Fences, walls, barriers and / or vegetation shall be arranged to protect and enhance the property and to enhance the privacy of on-site and neighboring occupants.
 - Protection of use and enjoyment. The proposed plan shall be designed and arranged to have minimal negative impact on the use and enjoyment of adjoining property.
 - Compatible design and integration. The use meets all design criteria required by this Code that apply and is designed to integrate well both on and off site.

FOR VARIANCE APPLICANTS:

The Board of Adjustment has the responsibility to hear and make recommendation on requests for variances to the requirements of this Code (per Section 11.4). **Section 12.4.1** Variances are departures from the standards of the Land Development Code, except land use, which will not be contrary to the public interest and where, owing to conditions peculiar to the property and not as a result of the action of the applicant, a literal enforcement of this Code would result in unnecessary and undue hardship.

The following conditions must be met before a variance can be recommended. Not all criteria must be met. However, a strong application will meet multiple criteria.

Approval Criteria.

A variance is not a right, but a privilege that property owners meeting the following criteria may request. These criteria are to be used to consider all variance requests. It shall be the burden of the applicant to prove that the request meets these criteria. Use this worksheet or format your own to demonstrate the following criteria.

1. **Hardship.** (a) the hardship is unique to the property and is not or will not be caused by the actions or inactions of the applicant. (b) There are exceptional conditions creating an undue hardship applicable only to the property involved or the intended use which do not apply generally to the other land areas or uses within the same zoning district.

2. **Special Privilege.** A variance shall not confer any special privilege that is denied to other lands or structures in the same zoning district.

3. **Literal Interpretation.** The literal interpretation of the provision of the regulation would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district and would cause unnecessary and undue hardship on the applicant.

4. **Reasonable Use.** The applicant cannot make reasonable use of the property without the requested variance.

5. **Minimum Required.** The granting of a variance is the minimum variance that will make possible the reasonable use of the land or structure.

6. **Conformance with Purpose of this Code.** The granting of a variance will not conflict with the purposes and intent expressed or implied in the Land Development Code.

12.4.1.2 Conditions of Approval. In recommending the granting of a variance, the Board of Adjustment may require appropriate conditions and safeguards in conformity with this Code. Violation of such conditions and safeguards, when made a part of the terms under which a variance is granted, shall be deemed a violation of the Code. The recommendation of the Board Adjustment shall be presented to the City Council for final action.

FOR CONDITIONAL USE APPLICANTS:

Section 12.3.3.1 Compliance Required. Uses requiring Planning Commission approval as noted in the Tables of Uses in Section 5 of this Code, shall be approved subject to this Section. Any application for such use must comply with: all applicable standards that apply to similar uses and properties in the zoning district in general, the specific conditions listed for that use in Section 5, and the following criteria. Where conflicts exist, the Planning Commission shall determine which criteria apply on a case-by-case basis.

1. Does this application meet the conditions set forth in Section 5 of the LDC for the requested use? If yes, please explain:

Yes - "machinery, tools/construction equipment, limited sales and service" is considered a conditional use
for B-3 according to Table 5.1.

2. Describe the effects the proposed use of utilities and facilities will have on the community.

No impact on existing utilities. Only an oil/water separator will be added to the existing line that services
Home Depot.

3. Describe how the size of the site is appropriate for the proposed use.

The proposed use will supplement the current operation of The Home Depot.
The site meets the minimum required parking stalls before and after the proposed use. The stalls designated
for the Tool Rental Center are not in the front field of parking.

4. Will there be any additional pedestrian or vehicular traffic generated by the proposed use? If yes, please explain:

No significant increases in pedestrian or vehicular traffic are anticipated as the use is supplemental to
current goods and services provided by The Home Depot.

5. Will there be any elevation in the noise level resulting from this proposed use? If yes, please explain:

No impact on noise level.

6. What is the expected number of customers/employees per day?

The expected number of customers will not be affected.
Existing customers will benefit from the additional service as they are already shopping for building materials.
No change in employee count as current employees will be trained to provide the proposed services.

7. Is proposed use compatible with surrounding uses and design? If yes, please explain:

Yes - The site currently operates as a self-standing home improvement and hardware store.
There is no shared parking with adjacent businesses. There are no tool/truck rental businesses
businesses adjacent to the property.

8. Parking requirements:

Commercial/Industrial: Paved parking will be provided for 503 vehicles, and 12 ADA vehicles; with 0 loading spaces.

For more information, please reference the Land Development Code Section 12.3.3.2.

FOR RE-ZONING APPLICANTS:

As stated in Section 12.3 in the Land Development Code, one of the following conditions must be met before a rezoning can be recommended. Check the condition(s) most applicable to your request and explain in writing.

- ☐ There was a mistake in the original zoning.
- ☐ The character of the neighborhood has changed substantially so that rezoning is clearly justified and there is a public need for the rezoning.
- ☐ Annexation.

Detailed explanation of condition(s) most applicable to your request:

Applicable Regulations:

SECTION 4

Zoning Districts Established

R-3 Multi-Family Residential District: The purpose of the R-3 District is to permit medium and high density residential uses including multi-family, two-family, and single-family structures with related recreational, religious and educational facilities. This district is consistent with the Neighborhood Conservation 1 and 2 districts in the Comprehensive Plan. This zoning district encourages protected residential neighborhoods with only compatible supporting institutional uses and open space.

B-2 Neighborhood Business District: The purpose of the B-2 District is to provide for retail and personal service uses in locations convenient to residential neighborhoods consistent with comprehensive planning policies. This district is consistent with the Neighborhood Business District in the Comprehensive Plan.

SECTION 6**Dimensional Standards and Measurements****Table 6.1 Dimensional Standards**

SECTION 11**Administration and Enforcement**

11.10.1.8 Subdivision Violations. The owner of a subdivision shall not transfer title to any lot in such subdivision until such time as the final plat has been approved by the appropriate authority as outlined in this Code and duly recorded in the office of the Chancery Clerk of Forrest County or Lamar County, Mississippi. Transfers prior to such approval and recording shall be deemed a violation of this Code and shall be subject to any and all remedies available to the City.

11.10.1.9 Recording Violations.

The Chancery Clerks of Forrest County and Lamar County, Mississippi shall not receive, file or record a plat of a subdivision within the jurisdiction of this Land Development Code without prior approval of the appropriate authority as outlined in this Code. Plats recorded prior to such approval shall be deemed unlawful and invalid

SECTION 12**Process and Procedures****Categories of Development Approvals****12.3.2 Preliminary Plat Approval for Major Subdivisions****12.3.2.1 Approval Criteria.**

- Conformance with the Hattiesburg Comprehensive Plan.
- Conformance with the standards of the zoning district.
- Conformance with other standards and requirements of this Code and other City policies and regulations.
- Determination that adequate public facilities and services will be available concurrent with the impacts of the subdivision.
- Determination that the project will have little or no adverse or negative impacts upon the natural environment.

12.3.2.4 Final Plat.

Request for: **Preliminary Plat Approval for Major Subdivision**

i. No Significant Change. Final plats of major subdivisions that are substantially the same as the approved preliminary plat, as determined by the Site and Design Review Committee, shall be approved administratively.

ii. Significant Change. Final plats that exhibit any significant deviation from the approved preliminary plat, as determined by the Site Plan Review Committee, shall require approval by the Planning Commission.

12.3.2.5 Recording.

In order to be an official and legal plat, the final approved plat must be recorded along with all applicable covenants, deed restrictions and property owners' association documents with the Chancery Clerk of Forrest or Lamar County, as appropriate. The City Engineer shall ensure that the City records this information in a timely fashion.

Present Zoning: The undeveloped parcels are currently zoned R-3 Multi-Family Residential District and B-2 Neighborhood Business District.

Present Use: Vacant / Undeveloped

Future Land Use: Neighborhood Center Mixed-Use District

Surrounding Zoning and Land Use:
North: B-2 Neighborhood Business District (City Limits)
South: B-5 Regional Business District
East: R-3 Multi-Family Residential District
West: B-5 Regional Business District / B-2 Neighborhood Business District

Letters or Concerns stated: The Planning Division Office has received multiple phone calls and office visits from surrounding property owners with questions regarding the subdivision request.

History / Background: The petitioner met with staff in Pre-Application to discuss the expansion of the existing subdivision known as "The Cottages at Turtle Creek" for phase IV. The petitioner has proposed 52 new lots on the existing R-3 zoned parcel and has indicated that the proposed lots would be developed as single-family residential but at the lot dimensions allowed by the R-3 zoned parcel. R-3 Zoned parcels require a minimum lot size of 7500 ft² with a 40-ft width at the required setback. The petitioner has discussed the new 52 lots as an expansion of the existing subdivision and would connect directly into the existing dead-end roads of the subdivision, which were stubbed out with the intention of a future expansion of the subdivision. The previously approved subdivision was approved in the previous Land Development Code, where sidewalks were not required. The current code will require sidewalks be installed as part

of the development and staff suggest including conditions of approval that includes the guarantee of their installation or that they be bonded. Staff also suggest the same requirements for all infrastructure in the subdivision, in order to guarantee their completion upon dedication to the City of Hattiesburg.

The development of the subdivision on this site will require the mitigation of wetlands through the US Army Corps of Engineers. The petitioner will be responsible for providing the proper documentation that they have been mitigated or any other alternative that the USACE approves before the Site Design and Review Committee can approve the final site plan for the subdivision. The petitioner is also exploring an alternative entrance to the subdivision, where a secondary entrance is required based on the length of the existing streets in the current development. As shown in this request, the petitioner is showing an entrance off of Weathersby Road, but may explore an alternative entrance off of Methodist Boulevard. Staff suggest the requirement of including the roadway entrance from Weathersby Boulevard as part of the road to be dedicated to the City of Hattiesburg as a public street in this request. Any alternative entrances to the subdivision will require an additional review by the Hattiesburg Planning Commission and City Council before they can be approved by the Site and Design Review Committee, as relocation to the entrance of the subdivision would be considered a significant change in the proposed plat.

Any structure built in the subdivision will need to adhere to all applicable building codes as adopted by the City of Hattiesburg at the time of their construction and adhere to all applicable elements of the Land Development Code. Any additional higher standards beyond what is addressed by the City of Hattiesburg would need to be addressed and enforced by private covenants.

The City of Hattiesburg has not received any information regarding the proposed infrastructure for the subdivision at this time. If the preliminary plat is approved by City Council, the petitioner will then be required to provide all plans for the infrastructure, including sidewalks, drainage and stormwater calculations, and, if required by the City Council, guarantees that all required infrastructure will be approved before the final plat is signed and filed with the county.

November 27th, 2023 Update

The request was recommended for approval by the Planning Commission on September 6th, 2023. However, City Council remanded the item back to the Planning Commission on October 3rd, 2023 for the road access issue on Hamlett Drive. The applicant has not requested the item to be heard at the January hearing in order to prepare additional information for their request related to the access

at Hamlett Drive. Staff will provide updated information as it becomes available on the public hearing portal.

Option: **Approve or deny** a preliminary plat for a major subdivision in the City of Hattiesburg.

Planning Commission must deem that all of the following approval criteria must be met before granting approval for the Preliminary Plat for a Major Subdivision:

12.3.2 Preliminary Plat Approval for Major Subdivisions

12.3.2.1 Approval Criteria.

- i. Conformance with the Hattiesburg Comprehensive Plan.
- ii. Conformance with the standards of the zoning district.
- iii. Conformance with other standards and requirements of this Code and other City policies and regulations.
- iv. Determination that adequate public facilities and services will be available concurrent with the impacts of the subdivision.
- v. Determination that the project will have little or no adverse or negative impacts upon the natural environment.

Conditions to consider with an approval:

1. Plat Conditions, & Restrictions – add to the plat the following notes:

- a) The common area(s) parcel's ad valorem tax value shall be assessed to each lot owner on a prorated basis as part of each lot owner's total assessment.
 - b) The common area(s) of this subdivision shall be owned and maintained by the owner's, commercial owner's association, and/or by the property owner(s) of the lots. In the event any lot becomes subdivided into additional lots or individual site plans, said site plans conforming to the city's Land Development Code, each property owner shall own their pro rata share, by area percentage of their lot, of the common areas. Such maintenance shall be performed so as to ensure that the common area operates in accordance the City's Land Development Code and Property Maintenance Code. Such maintenance shall include, but not be limited to repair of structures, and maintenance of sign tenants, and maintenance of the property. The city shall have a "right of access" to use the drives, parking areas, and yards of this property to make inspections of the common areas to ensure that said maintenance has been properly performed. In the event that the property owner(s) have not properly performed maintenance on the facilities, to the extent that the facility(s) poses a threat to public health, safety, or welfare, the city shall retain the right to perform emergency repairs to the facility. The cost of any such repairs will remain the responsibility of the property owner(s) and may be added as a lien on the next year's tax bill.
- 2. Streets** - Street identifications and traffic control signs/markings shall be installed by the developer to City specifications.
- 3. Utilities** - Unless otherwise specified, all utilities and services (electric, telephone, cable, etc.) are to be installed underground.
- 4. Bonds** – Bonds, in a form satisfactory to the City Engineer and the City Attorney, will be required as follows:
- a) Performance bond – Acceptance of the plat before the street and infrastructure are

Response to Petition for approval of plat for Phase IV Cottages of Turtle Creek

Good Afternoon, my name is John Hurt and I am a homeowner in the Cottages of Turtle Creek. I want to thank the Commission for the opportunity to present concerns related to the Phase IV expansion.

The Cottages is an age restricted retirement community of 67 architecturally similar homes occupied by approximately 100 Hattiesburg citizens and voters. The average age is approximately 80 and around 2/3 are women. Many of us have physical limitations but still enjoy getting out and moving about and visiting with our neighbors. Since there are no sidewalks we use the streets. We enjoy a wonderful quality of life that we want to maintain.

For each of the three previous expansions the developers filed a Declaration of Covenants, Conditions and Restrictions which govern developer and homeowner rights and responsibilities.

These three documents include the following declaration, "the primary purpose of these covenants and the foremost consideration in the origin of same has been the creation of a residential community which is **aesthetically pleasing and functionally convenient**". To paraphrase, that is to say the purpose is to create a quiet and peaceful community with architectural uniformity and easy access to services needed by seniors.

These words were written by the Developers of The Cottages. The Developer of Phase III now wants to expand with a Phase IV. We, the homeowners of the Cottages, many of whom are here today, bought the dream. We bought the dream of a quiet, peaceful community in which to live out our senior years. Now we just want the Developer to honor the commitment made in the Covenants as to the creation and maintenance of a quiet, peaceful and safe community.

Concerns with Phase IV

We are concerned about construction and residential traffic.

Our position is that construction traffic must not be permitted to use the existing Cottages streets. Not only would it be noisy and dangerous for our elderly homeowners it will damage the recently paved streets, in addition to impeding normal traffic flow on our

.We are here as residents of Cottages Of Turtle Creek to voice our opposition and concerns about the building of additional houses adjacent to our current neighborhood. We are a neighborhood composed of 64 Single family homes with a fence surrounding our neighborhood.

Each of our residents chose to purchase our homes in this neighborhood for the following reasons. This is an over 55, quiet, separate, and tranquil and one entry/exit neighborhood. All of our residents are elderly and some are disabled. We desire to keep our neighborhood identity as it is now, fully surrounded by fencing. The current speed limit in our neighborhood is 20 mph. We are limited to a single entrance/ exit. Should an emergency ever arise we would be limited to no more than 64 cars exiting the neighborhood.

We have the following objections:

1. We strongly oppose the developer using any of our current streets for entry & exit of construction vehicles, machinery and workers' vehicles. In the past the developer used our streets causing them to deteriorate and be dangerous. The developer has access to the proposed development via Weathersby Road, bypassing our neighborhood.
2. Hamlett Drive, Turtle Crossing and Creekside Manor should NOT be opened to through traffic. There is currently one entrance/exit to serve 64 residences, visitors and delivery and service vehicles to/from Cottages of Turtle Street. To open one or all of said streets will cause traffic congestion and impede traffic flow. Should there ever be an emergency necessitating the evacuation of our neighborhood, it would be impossible for all residents of the current neighborhood and additional residents of the proposed neighborhood to safely leave the general area.
3. Our neighborhood does not have sidewalks. Residents often walk on the street for exercise. Some use walkers. It would be dangerous for motor vehicles use the streets while elder are walking on those streets.

4. The developer should be required to take the necessary steps to cause the new development to be designated as a retirement community comprised of only ownership by persons 55 years or older.
5. We request that the developer's current property to the north and east of the presently built subdivision be rezoned from its present designation to a zoning designated to allow only single family residences as multi-family dwellings such as apartments because the overwhelming number of current residents do not want multi-family dwellings to be constructed on adjoining property. Multi-family buildings would create an area congested, dirty and noisy.
6. The Cottages Homeowners Association owns the green spaces in the neighborhood as shown on the recorded plats. The residents and Homeowners Association specifically deny the developer permission to cross our green spaces.
7. We specifically reserve and retain our right to keep all fencing around our neighborhood and should any fencing be damaged or destroyed, the developer should be required to restore said fencing with the same fencing material in the same manner as it now exists.
8. Because we only have one entrance/exit we request that no streets be opened into our neighborhood. To do otherwise would cause many hazards to our residents and their vehicles. Residents of the new development should have no right to clog our neighborhood streets, particularly because we only have one entrance/exit.
9. Should the Planning Commission choose to ignore the concerns of the current residents and allow the opening of Hamlett Drive., Cottage Drive and/or Turtle Crossing, we request that such street(s) be opened only after the completion and cleanup of the new streets and houses.
10. Because our neighborhood is composed of all current phases of Cottages of Turtle Creek and has signs indicating thus, we respectfully request the the developer not be allowed to use the said name for its new development.

Cottages at Turtle Creek HOA Board
and Current Residents

To whom it may concern:

I recently learned of some arising concerns regarding the new phase of the Cottages at Turtle Creek. In summary, there are some fears revolving around home values and loss of the intimacy, exclusivity, and safety of the Cottages as it currently exists. I would like to address these issues.

An issue arising now and during the last effort to develop the next phase was the lack of a construction entrance as well as increased construction traffic. During this next phase, we will be using a construction entrance located off Methodist Boulevard for development and construction traffic. This will hopefully minimize or eliminate unnecessary traffic throughout the subdivision. We are also working with the city to add an additional permanent entrance after the next phase is completed.

Regarding property values in the neighborhood, we do not foresee this being an issue. As you know, there is an extremely high demand to live in your neighborhood. The reasons for this desirability have very little to do with the inventory of homes. During the time we were constructing homes in Phase III, the turnover throughout the subdivision remained virtually the same. Existing homes were selling more often and faster than the new ones. There is a large majority of buyers that cannot afford to purchase a newly built home. This may be attributed to a number of reasons including fixed incomes, high building costs, or high interest rates.

There are also some negative consequences of doing nothing with the land surrounding the subdivision. Hattiesburg's growth remains very rapid. The land surrounding the Cottages is currently zoned R-3, which is multifamily residential. The definition of R-3 reads:

"The purpose of the R-3 District is to permit medium and high density residential uses including multi-family, two-family, and single-family structures with related recreational, religious and educational facilities. This district is consistent with the Neighborhood Conservation 1 and 2 districts in the Comprehensive Plan. This zoning district encourages protected residential neighborhoods with only compatible supporting institutional uses and open space."

Not continuing the development of the Cottages leaves the possibility open for less desirable developments. Along these same lines, we owe close to \$993,000 on the surrounding land as well as interest and property tax payments. While an indefinite 65.8 acre buffer does sound appealing, sitting on the property is not a sustainable business decision. The only alternative to developing the land is to sell to the HOA, or sell to a buyer who would possibly have any number of unpredictable plans that could certainly adversely affect your property values.

While we understand change and growth can be uncomfortable, we also understand the drawbacks to avoiding it. In real estate, we are taught to sort out the "highest and best use" of a property. Some could argue the acreage surrounding you would be most profitable filled with apartments, which is probably true. However, our vision of the "highest and best use" of the acreage surrounding the Cottages is to expand on what you already know to be true: the high demand and desire to be a part of the wonderful community of the Cottages at Turtle Creek.

Thank you for your time,

Dennis L. Pierce

RE: The Cottages of Turtle Creek, Potential Expansion

To Whom It May Concern:

I had my home built in The Cottages in the summer of 2009. When choosing a lot, I was interested in a safe and quiet community of older adults. The Cottages was a perfect fit as I work at Merit Health Wesley. I was concerned about the surrounding land development prior to committing to the purchase, but was assured when I picked my lot that "There will not be a Phase III". I was also assured there would not be multi-family housing, a fast food restaurant, a gas station, or other business in the neighborhood or in the surrounding land. I was told that the one exit in and out would remain in place and that further expansion would not occur.

We have a pedestrian community at The Cottages. Construction vehicles and personnel may jeopardize their safety. The ingress and egress would change and open us up to more community traffic. Additional homes in The Cottages changes the character of our community and will be detrimental to those of us who have purchased there in good faith that it would remain as is.

The integrity of our community is in jeopardy if this proposal passes. The concerns expressed when Mr. Pierce wanted to expand The Cottages 10 years ago are still in play. The community does not want this expansion to go through as planned.

Sincerely,

A handwritten signature in cursive script, reading "Kathleen A. Messenger, M.D.", followed by a horizontal line.

The Cottages is an age restricted retirement community of 67 homes occupied by over 90 Hattiesburg citizens and voters. We are interested in maintaining the quality of life we currently enjoy.

For each of the three previous expansions, the developers have filed Declaration of Covenants, Conditions and Restrictions which govern developer and homeowner rights and responsibilities.

Each of these three documents contain the following declaration, "the primary purpose of these covenants and the foremost consideration in the origin of same has been the creation of a residential community which is **aesthetically pleasing and functionally convenient**". To paraphrase, to create a quiet and peaceful community with architectural uniformity and easy access to services needed by seniors.

These words were written by the Developer of The Cottages. These same Developer is now wanting to expand and open Phase IV. The homeowners of the Cottages, many of whom are here today just want the Developer to honor the commitment made in the Covenants as to the creation and maintenance of a quiet, peaceful and safe community. This quality of life is important as over half of our residents are over 80. Most are retired and spend the day at home and visiting with their neighbors in The Cottages.

Our concerns are zoning, access and proposed covenants.

Zoning

Cottages is currently zoned as R2, for single family residential construction. The Phase IV expansion is zoned R3, allowing multi-plex family dwellings. Since Phase IV is adjacent to and is someday to be connected to the current Cottages streets the zoning should be R2. Any higher density zoning would create significant traffic problems.

Access

We are concerned about access both for construction and normal residential traffic.

Construction traffic must not be permitted to use the existing Cottages streets. Not only would it be noisy and dangerous for our elderly homeowners it also will damage the recently paved streets, in addition to impeding normal traffic flow. Construction traffic must use the Weathersby Road entrance or the planned alternate entrance off of Methodist Blvd.

We are sure the new Phase IV will be marketed as an aesthetically pleasing functionally convenient community. That is fine, we the homeowners of the earlier Phases just do not want to lose our safe, peaceful community in the process.

Existing Cottages of Turtle Creek covenants define the subdivision as a Retirement Community restricted to age 55 or older. If the expansion uses the same name “Cottages of Turtle Creek” it should have the same age restrictions and architectural guidelines.

Normal traffic flow to the Phase IV should also use the Weathersby Road entrance. It will likely be more convenient and faster than winding through the existing Cottages streets. This can be accomplished by continuing the blocked off access to the Cottages streets until the Phase IV is substantially completed.

We are sure the new Phase IV will be marketed as an aesthetically pleasing functionally convenient community. That is fine, we the homeowners of the earlier Phases just do not want to lose our safe, peaceful community in the process.
